

Rushikesh Ghosalkar

Software Engineer

Innovative and results-driven .NET Full Stack Developer with 3 years of experience in designing and implementing RESTful APIs using .NET Core. Proven track record in system design, application development, testing, and maintaining operational stability. Adept at working within Agile methodologies and proficient in utilizing a diverse range of technologies to deliver high-quality software solutions.

WORK EXPERIENCE

Software Engineer

Cornerstone Ondemand (10/2024 - Present, Mumbai, India)

- Strengthened application security by identifying and resolving Docker image vulnerabilities
- Contributed to new feature development and enhancements, improving product usability and maintainability in a hybrid monolith-microservice architecture.

Software Development Engineer

Diebold Nixdorf (04/2024 - 10/2024, Mumbai, India)

- Developed an automation framework for testing ATMs and POS devices using .NET Core, C#, and multithreading.
- Utilizing multithreading to enhance the performance and responsiveness of the desktop application.

Software Engineering Analyst

Accenture (08/2021 - 04/2024, Mumbai, India)

- Developed RESTful APIs using .NET Core and C# that facilitated precise and seamless data exchange between clients and servers in a distributed environment.
- Implemented caching and rate-limiting strategies, significantly reducing server load and improving overall system performance.
- Enhanced application security with sophisticated authentication and authorization mechanisms.
- Boosted application efficiency by incorporating Redux for state management and streamlining component re-rendering.
- Developed custom database objects and stored procedures using Oracle SQL and delivered application support.
- Facilitated smooth version control processes by utilizing Git workflows for efficient team collaboration on projects.
- Collaborated with cross-functional teams to gather requirements and translate them into technical specifications.

EDUCATION

Bachelor Of Engineering in Computer Science and Engineering

Datta Meghe College of Engineering, Mumbai (08/2017 - 07/2021)
GPA: 3.42/4

PERSONAL PROJECTS

SKILLS

.NET Core

React

Redux

C#

Oracle SQL

GIT

Docker

AWS

ACHIEVEMENTS

Shared Success Catalyst Award

Recognized with the Shared Success Catalyst Award at Accenture in 2023 for closely collaborating with clients to deliver exceptional value.

ACE award

Acknowledgement of my hard work and unstinted efforts to ensure exceptional results at Accenture in 2022.

DSA 400

Solved about 400 coding questions on LeetCode alone, leveling up my DSA skills.
[ryuzaki_00 - LeetCode Profile](#)

CERTIFICATES

- React - The Complete Guide

INTERESTS

Swimming, Cricket

AuctionApp

(05/2025 - Present)

- Developing a scalable auction platform using microservices architecture.
- Key .NET Web API microservices include Identity, Auction, Search, Bidding, and Notification, utilizing PostgreSQL and MongoDB databases, with Entity Framework ORM for relational data.
- RabbitMQ handles real-time communication and messaging.
- Containerized with Docker for high performance and reliability.
